MESSAGE FROM OUR GENERAL MANAGER

There's a deep sense of pride that comes with being part of a hotel so thoughtfully reimagined to create truly immersive and memorable experiences.

Our recent transformation, led by the renowned design studio, The Stella Collective, and visionary designer Hana Hakim, has brought new life to the hotel while honouring its rich history and character.
From the moment you arrive, you'll notice the attention to detail. A sculptural mosaic-lined front desk and a striking terracotta urn set the tone for a stay defined by warmth, design, and soul. Inside, you'll discover a carefully curated blend of Mediterranean and Moorish influences polished concrete floors, bespoke teak features, and hand-painted Moroccan art.

One of our proudest features is our exclusive and unique exhibit of Sidney Nolan's iconic Ned Kelly series, creating a powerful link to our region's deep-rooted place in Australian storytelling.

At the heart of the property is Merlot, our signature restaurant curated by our talented team of chefs and our sommelier. Merlot features a pared-back aesthetic and floor-to-ceiling windows that frame sweeping views of the vineyard and our beautiful Mediterranean courtyard.

Whether you're here for a corporate retreat, special celebration, or relaxing getaway, our team and I are dedicated to making
your time with us comfortable, inspiring, and truly
enjoyable.

We can't wait to welcome you.
